**Stephen Sepinuck : Commercial Law: Problems and Materials on Sales and Payments (American Casebook Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Commercial Law: Problems and Materials on Sales and Payments (American Casebook Series):

This book offers the combined full-text of Rusch and Sepinuck's Payment Systems and Sales and Leases books. It gives users a comprehensive overview of the area of commercial law and is designed to help students learn the law of

payment systems, including the topic of Check 21 and the revised Regulations CC and J, as well as the provisions in Regulation E. In addition, the book covers the law governing sales and leases of goods, allowing users to understand how that law applies to both simple and complex commercial transactions, and learn how to use the law in planning and drafting contracts.
