From Brand: T.M.C. Asser Press : Compendium of International Migration Law Instruments before purchasing it in order to gauge whether or not it would be worth my time, and all praised Compendium of International Migration Law Instruments:

This publication assists readers (be they academics, students, practitioners, experts or migrants themselves) to better

orientate themselves in the web of norms and principles existing at the international level. The focus of the compendium is on bringing together a comprehensive compilation of universal instruments with varying degrees of legal force - from authoritative international treaties, through customary international law, to the sets of principles and guidelines, which, although non-binding, are nonetheless of clear contemporary relevance and can contribute to the progressive development of law in areas not covered by 'hard' norms.

About the Author Director, International Migration Law and Legal Affairs Department, International Migration Law and Legal Affairs. Junior Legal Officer, International Migration Law and Legal Affairs Department, International Migration Law and Legal Affairs.
