**Albert W. Small, Elizabeth A. Downey-Small : Constitutional Hiring Firing The President: System Operations Manual** before purchasing it in order to gage whether or not it would be worth my time, and all praised Constitutional Hiring Firing The President: System Operations Manual:

0 of 0 people found the following review helpful. This is an indispensable reference for Congressional representatives

and staffers ...By C MetzlerThis is an indispensable reference for Congressional representatives and staffers, law students, those interested in government and political affairs, and all citizens who care about exercising their civic duty and authority as "the People." A clear and well-documented explanation of the system that ensures a smooth transition of power, this thorough manual includes diagrams with related reference and data tables. Several potential crisis scenarios are also included and illustrate how a thorough understanding of the system can inform an appropriate response. This handy reference is more relevant than ever, especially following the general election of 2016.0 of 1 people found the following review helpful. PICTURE OF THE INTEGRATED SYSTEM--NOTHING LIKE ITBy CustomerHere are the INTEGRATED FACTS from We-the-People's Constitution, rather than opinions from news commentators, professors and lawyers! A picture of the entire integrated system helps you deal with the complexity. You can start at the top with activity A0 Employ and Dismiss which has only three main sub-activities: A1 Election, A2 Start Terms, and A3 Replace During Term. Then you can find related Constitutional Provisions: the main ones marked at the top of every box; and, all provisions in Appendix C Constitutional Cross-References, marked in column under each activity. Or you can start with favorite Constitution provision in a row of Table C and see affect on each activity column. You can also find details for specific situations by using the Table of Tables. Never saw any book like it! I keep one on every floor of my house.aws

2D EDITION, WITH CRISIS SCENARIOS. This System Operations Manual provides a graphic description of the process for employing and dismissing a President, and includes situation look-up tables and Constitution cross reference tables. The manual emphasizes the Constitution's requirements and includes information from some relevant laws enacted in accordance with the Constitution. This Manual is intended for "We the People" and government officialscivilian, law enforcement, and militaryunder oath to the Constitution. It is a useful reference for students, teachers, politicians and lawyers.

About the AuthorThe authors are members of "We the People." Small, an engineer and retired Air Force officer, is a system operations analyst. Downey-Small, a social worker and retired general manager, is a management analyst.
