John Cartwright : Contract Law: An Introduction to the English Law of Contract for the Civil Lawyer (Third Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Contract Law: An Introduction to the English Law of Contract for the Civil Lawyer (Third Edition):

This book gives an introduction to the English law of contract. In this new and fully updated edition the book retains the primary focus of the first edition: it is designed to introduce the lawyer trained in a civil law jurisdiction to the method of reasoning in the common law, and in particular to the English law of contract. It is written for the lawyer-whether student or practitioner-from another jurisdiction who already has an understanding of a (different) law of contract, but who wishes to discover the way in which an English lawyer views a contract. However, setting English contract law generally in the context of other European and international approaches, the book forms an introductory text for the English student, who can see not only how English contract law works but also get a glimpse of different ways of thinking about some of the fundamental rules of contract law. After a general introduction to the common law system-how a common lawyer reasons and finds the law-the book explains the principles of the law of contract in English law covering all the aspects of a contract from its formation to the remedies available for breach, whilst directing attention in particular to those areas where the approach of English law is in marked contrast to that taken in many civil law systems. [Subject: Contract Law, English Law]

This is a well written, easy to read, up-to-date introduction to the English legal system and to the basic principles of the English law of contract...The book has sufficient length to provide good explanations and detail for practising lawyers; it also is sufficiently brief to allow a good picture of the whole and its interconnectedness to be seen. The book is highly recommended. Happy reading! (Professor Tony Angelo New Zealand Law Journal)...well written, in plain and easily understandable English and can give to the lay reader a simple but comprehensive outlook of English law of contract...a continental student can employ the book as a simple but engaging source of knowledge of the English system... (Luciano Pontiroli Web Journal of Current Legal Issues)About the AuthorJohn Cartwright is Professor of the Law of Contract at the University of Oxford and Professor of Anglo-American Private Law at the University of Leiden.
