**Eric Posner : Contract Law Theory (Aspen Treatise)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Contract Law Theory (Aspen Treatise):

1 of 1 people found the following review helpful. Contract Law Theory (Aspen Treatise Series) - ReviewBy Giorgiana ChenI would recommend this book to my friends. I work in the contract law field and I need as much training as possible.I think the delivery could be faster.Giorgiana2 of 2 people found the following review helpful. Breaks it down sooooo wellBy LipsitLeonardHe manages to explain convoluted doctrines in a simple way while weaving in the policy considerations that help you figure out ambiguous exam questions.0 of 0 people found the following review helpful. Five StarsBy AlexReally helpful in distilling concepts !

Contract Law and Theory conveys a grasp of theory and policy that makes all of the contract rules easier to understand. By explaining and applying contract theory to a wide range of contracts cases, Eric Posner reveals not only the "what" of doctrine but also the "why" why one rule rather than another makes sense from a policy perspective. An understanding of what contract theory is and how it is applied will help you to understand not only Contracts, as taught in law school, but also the many areas of law in which contractual ideas operate, such as bankruptcy law, secured transactions, and corporate law. An exciting new Student Treatise from an eminent authority, Contract Law and Theory features: Complete coverage of contracts that includes the principal cases covered in most first-year contracts courses A general explication of the rules of contract that begins with the simplest ideas and gradually builds in complexity A consistent emphasis on the application of theory to doctrine, through analysis of a rich selection of cases A readable and expert treatment of the role of economics in contract law Illustrative examples that point to noteworthy cases Suitable for use alongside any casebook
