Amy Hilsman Kastely, Deborah Waire Post, Nancy Ota : Contracting Law Fourth Edition Workbook before purchasing it in order to gage whether or not it would be worth my time, and all praised Contracting Law Fourth Edition Workbook:

Helpful.By CustomerIf the work is assigned and you have time to do the work it really helps to pick apart case law.0 of 1 people found the following review helpful. This is a workbook! Not a paperback textbook!By Nic ClarkIf you need the textbook, this isn't it! This is a looseleaf workbook. If you think you're buying the paperback textbook to save money, think again. The workbook may come in handy, but this item's description gives you very little indication that this is not the textbook.I haven't used the workbook yet, but I like the holistic approach of the textbook.

The Contracting Law Fourth Edition Workbook, complete with flow charts, vocabulary lists, problems and structured exercises, helps students understand legal doctrines, case briefing, and synthesis. Students can use the workbook independently or exercises can be used in class discussions.
