William C. Collins : Correctional Law for the Correctional Officer, 5th edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Correctional Law for the Correctional Officer, 5th edition:

2 of 2 people found the following review helpful. Correctional LawBy Nurse KristineA little book for the price, but filled with essential information for the CO, or any person working in the correctional environment. Easily readable with short quizzes at the end of each chapter. Gives a good review of the rights of prisoners and points of law. All the

answers are in the back of the book. Many of the questions are found on the ACA certification tests.0 of 0 people found the following review helpful. Five StarsBy CustomerJust what I needed for much less than the local bookstore0 of 0 people found the following review helpful. Great study guide and tool for CorrectionsBy Laurie DHelping my husband study for the Sargent exam at his jail, so far so good, I don't think he'll have any problem. He definitely has learned some new things reading it.
