Rodney Stich : Crimes of the FBI-DOJ, Mafia, and al Qaeda before purchasing it in order to gage whether or not it would be worth my time, and all praised Crimes of the FBI-DOJ, Mafia, and al Qaeda:

As the attorney for the codefendant in the Devecchio case, I would like to discuss what actually occurred By joseph giamita esq.I read the book with great interest since I was the attorney for John Sinagra. I don't mind that my name wasn't mentioned but there were several errors that I want to address. I had no affiliation with the FBI, yet I was referred to as an FBI lawyer. The analysis of the basis of the dismissal is also incorrect since the constitutional violation was based upon well established legal precedence. Many

facts were omitted in the analysis. A lead investigator for the District Attorney's office removed legal documents from that office and kept them in his home (Malewich). Subsequently, the murder was closed by exceptional clearance by Officer Sorrentino, who typed out the same exact factual details of the murder, but she changed the names of the murderer. There were numerous other errors, including a sworn affidavit written to oppose my dismissal motion which the witness denied was true when he testified. More appropriately, Justice Reichbach, who recently passed, has never been reversed on appeal in his entire tenure as a Judge. The appeal by the District Attorney was dismissed because they refused to go forward. These verifiable facts were contrary to the analysis and conclusions in the book so I felt they needed to be addressed. 0 of 0 people found the following review helpful. Three Stars By Michael A. Pizziok

Crimes of the FBI-DOJ, Mafia, and al Qaeda provides insider information on a series of forewarned terrorist attacks on U.S. targets, including 9/11, for which FBI personnel had advance information from a mole inside the al Qaeda cell headed by al Qaeda master bomb maker, Ramzi Yousef. This advance information was "deep-sixth" so as to avoid giving credibility to the mole. Why that was done is another major scandal that has been withheld from the people. The combination of misconduct and catastrophic consequences reveals one of the biggest scandals in memory, capable of bringing down major government personnel.
