**Rodney Stich : Defrauding America, 4th Ed. Volume Two: A Trojan Horse Legacy** before purchasing it in order to gage whether or not it would be worth my time, and all praised Defrauding America, 4th Ed. Volume Two: A Trojan Horse Legacy:

Defrauding America is a detailed description of four decades of government intrigue, as participated in or discovered

by the author and his many other former government agents. The book is based upon facts, no conspiracy theories, and helps to show how covert activities by the CIA and White House politicians have resulted in grave consequences for the people and the country.
