Anja Wiesbrock : Legal Migration to the European Union (Immigration and Asylum Law and Policy in Europe) before purchasing it in order to gage whether or not it would be worth my time, and all praised Legal Migration to the European Union (Immigration and Asylum Law and Policy in Europe):

This book provides a comprehensive analysis of EU legislation in the area of legal migration. Five Directives on family reunification, long-term residence, students, researchers and highly qualified migrants are critically assessed. Moreover, the implementation of the Directives in three Member States (Germany, the Netherlands and Sweden) and national legislation in two Member States with an opt-out from EU migration law (the UK and Netherlands) are assessed. This includes national rules on the integration of third-country nationals and access to citizenship. The book calls into question the compliance of several European and national provisions with EU principles of law and international human rights.

"The book is a welcome addition to the literature on EU migration law and will deservedly attract academics and practitioners who would like to know more about this area." - Diego Acosta Arcarazo, *Common Market Law* 49, Issue 2 (2012) About the Author Anja Wiesbrock is Assistant Professor at the Department of International and European Law of Maastricht University. She has previously published in the areas of migration, integration and nationality law.
