before purchasing it in order to gage whether or not it would be worth my time, and all praised Lmhp: Florida (Law
Mental Health Professionals Series):

The Law Mental Health Professionals series is designed to provide a resource for both mental health professionals and attorneys regarding mental health law in each state. The series presents the laws addressing many areas pertinent to mental health professionals. Some of the issues discussed include setting up a private practice, working with health care provider organizations, understanding the duty to warn, and understanding the duty to report abuse and neglect of children and adults. The Law Mental Health Professionals series is a concise and easy-to-understand resource outlining the obligations and responsibilities of mental health professionals according to the law in any given state.
