Delivered fast and in perfect condition. Unlike the west or lexis versions By Ned Sonnier Exactly what I was looking for and way cheaper than the West or Lexis version. Delivered fast and in perfect condition. Unlike the west or lexis versions, the pages are made from high quality paper which makes it easy to flip through and the pages don't leak ink or highlighter marks so you can mark up the pages as much as you want. Definitely buy if you are a law student or a lawyer. 0 of 0 people found the following review helpful. About the Author Frustrated with the limited options available for legal titles--many being overpriced, printed in small sized font, and filled with excessive editorial materials--Nicholas set out to publish titles that are more user friendly.
