**Ian A. Macdonald : Macdonald's Immigration Law and Practice** before purchasing it in order to gage whether or not it would be worth my time, and all praised Macdonald's Immigration Law and Practice:

Since the publication of the first edition in 1983 Macdonald's Immigration Law Practice has established itself as the standard textbook in the field and is recognised by the legal profession as the most authoritative text on immigration law. Written by leading immigration experts, the work deals with every aspect of the law and practice of immigration. This new edition includes all the latest legislation, cases and political developments bringing the work fully up-to-date. The work has been substantially revised and rewritten to provide comprehensive and in-depth coverage of the significant legislative changes of the last five years including: the Asylum and Immigration Act 1996; Immigration Rules 1996; Treaty of Amsterdam; Human Rights Act 1998; the Immigration and Asylum Act 1999 and the numerous decisions taken on appeal domestically or to the European Courts. Macdonald's Immigration Law Practice Fifth edition is an invaluable point of reference for immigration specialists and a highly informative and illuminating text for non-specialists.
