Stay away from the Kindle version, completely NONfunctional!By KSKINDLE version is total junk!I have had older paper versions of this reference before and have found them very useful.The Kindle version is a waste of \$100. You cannot search page numbers, the hyperlinks don't work and it is basically impossible to navigate. I am so upset I wasted this much money on something so poorly designed.0 of 0 people found the following review helpful. Five StarsBy CustomerGreat price for school book.
