John Gore-Grimes : Planning and Environmental Law in Ireland before purchasing it in order to gage whether or not it would be worth my time, and all praised Planning and Environmental Law in Ireland:

This book has a highly practical focus, while providing an in-depth narrative on planning and environmental law in Ireland. Critically, it deals with the provisions for fast track planning as contained in Ireland's Planning and Development (Strategic Infrastructure) Act 2006. Providing up-to-date guidance for all legal practitioners dealing in

these two complex areas, the book also includes specific guidance for conveyancers and planners.

About the Author John Gore-Grimes (BA, LLB, FCI Arb) is a leading solicitor based in Dublin and a respected authority on planning, development and environment law in Ireland.
