From Nordic Africa Institute : Politics, Property and Production in the West African Sahel: Understanding Natural Resources Management before purchasing it in order to gage whether or not it would be worth my time, and all praised Politics, Property and Production in the West African Sahel: Understanding Natural Resources Management:

Understanding natural resources management requires an interdisciplinary approach. Through a number of case studies from the West African Sahel, this book links and explores natural resources management from the perspectives of three distinct but interrelated spheres (politics, property and production) and within a broad and empirically based political ecology.
